How to Use the Clever RX App

Please follow the steps in the guide below to get started with the Clever RX app. As a reminder, the app will be the most up-to-date when it comes to prescription savings.

#3 For this step, you will need to have your group and member numbers. **If you do not have them, please contact your agent**

Once you have the information from your agent, input the numbers into the fields and select, "Let's do it"

#4 You will then be prompted to enter your cell phone number to set up your account. Enter it and click, "Register"
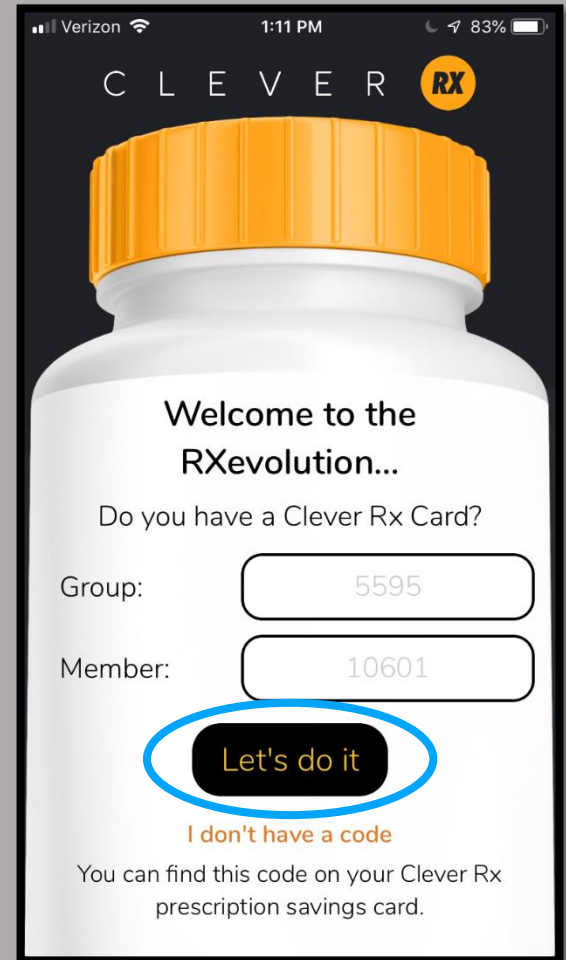

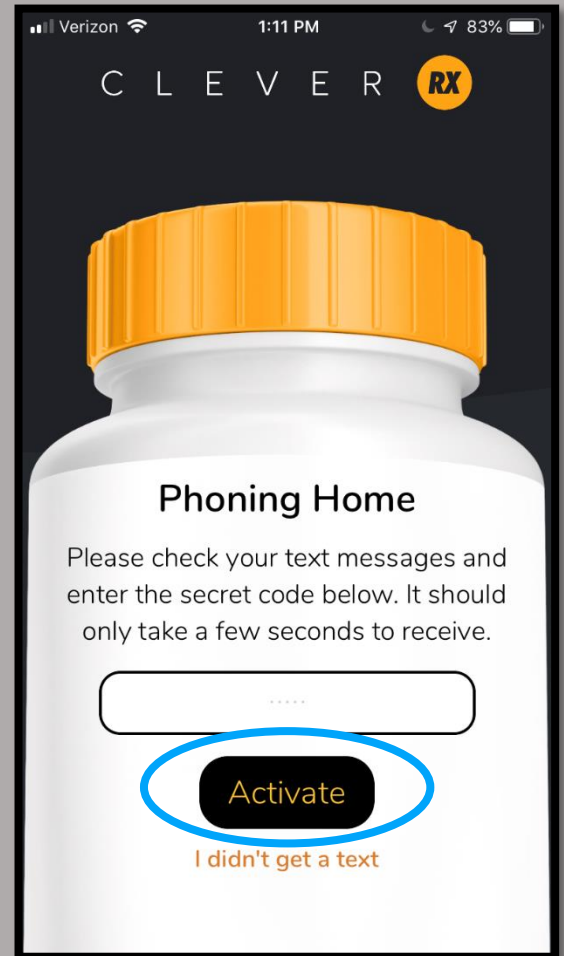

How to Use the Clever RX App

Please follow the steps in the guide below to get started with the Clever RX app. As a reminder, the app will be the most up-to-date when it comes to prescription savings.

#5 To confirm your cell phone number, you will see a screen like this and will receive a text from Clever RX with an activation code
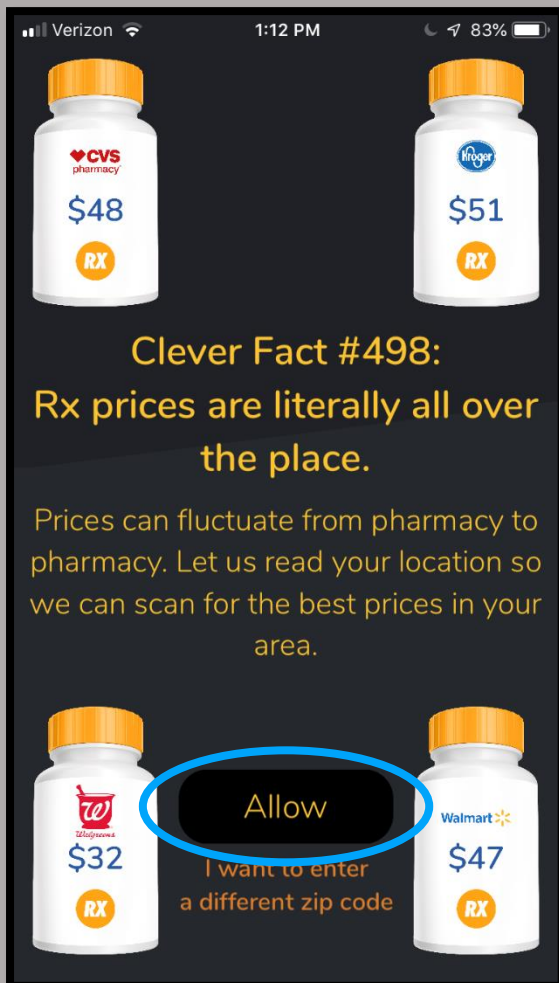

Be sure to input the *code* in the message instead of the number the message is coming from. Enter the code and then click, "Activate"

Phoning Home

Please check your text messages and enter the secret code below. It should only take a few seconds to receive.

Activate

I didn't get a text

CVS pharmacy $48   Kroger $51

Clever Fact #498: Rx prices are literally all over the place.

Prices can fluctuate from pharmacy to pharmacy. Let us read your location so we can scan for the best prices in your area.

Walgreens $32   **Allow**   Walmart $47

I want to enter a different zip code

#6 Next, you will be prompted to allow Clever RX to view your location. This allows them to scan your area for the best prices. We recommend you select, "Allow"

From there, you will be asked if you want this to happen only while using the app, always allow, or don't allow. We recommend you select, "Only While Using the App"
